June 1907 from Wellington/New Zealand (dep. 6. Feb 1907) contemp. news clips state that EJ was captain of new WSLiner Adriatic without explicitly naming him for the transfer from Belfast to LP

** = White Star Service record states Will Murdoch was assigned to the Olympic until 13-3-12 which was sailing day of her 10th voyage; Arthur Holme, who was to be 1st mate during that voyage was assigned exactly on March 13th to Olympic which indicates that William was onboard Olympic as 1st mate until sailing day 13. Mar 1912 (see also A. Holme White Star record) => 2 different service records conclusive on that
